Submitted by ER Michael Norway April 2022:

The focus this year is to get the membership more involved in the workings of the lodge and promote more interesting and opportunities to its membership and Never forget our veterans and what they sacrificed for us. Ritual which builds teamwork among the officers. There are multitudes of activities in the lodge for everyone, we just need to know how and support of the activities can be done to accomplish the task needed to make the activity work. Not to mention including our new members in lodge activities. Members need to be asked to participate, by doing this they will stay interested and maybe bring in more family and their friends who may become members in the future.
